

agricultural & rural convention

What is ARC?

- A civil society platform for stakeholders, European citizens and their organisations.
- An innovative and transparent process to develop a strong and common message.

ARC 2020, towards a new common voice for civil society

An overwhelming majority of European citizens asks for a Common Agricultural Policy which ensures:

- agricultural products of good quality, healthy and safe
- reasonable food prices
- a fair standard of living for farmers
- protection of the environment

Why do we need a new CAP?

New challenges to face:

- Climate change
- Loss of biodiversity and natural resources
- Increasing global food insecurity
- Social and economic cohesion of rural areas

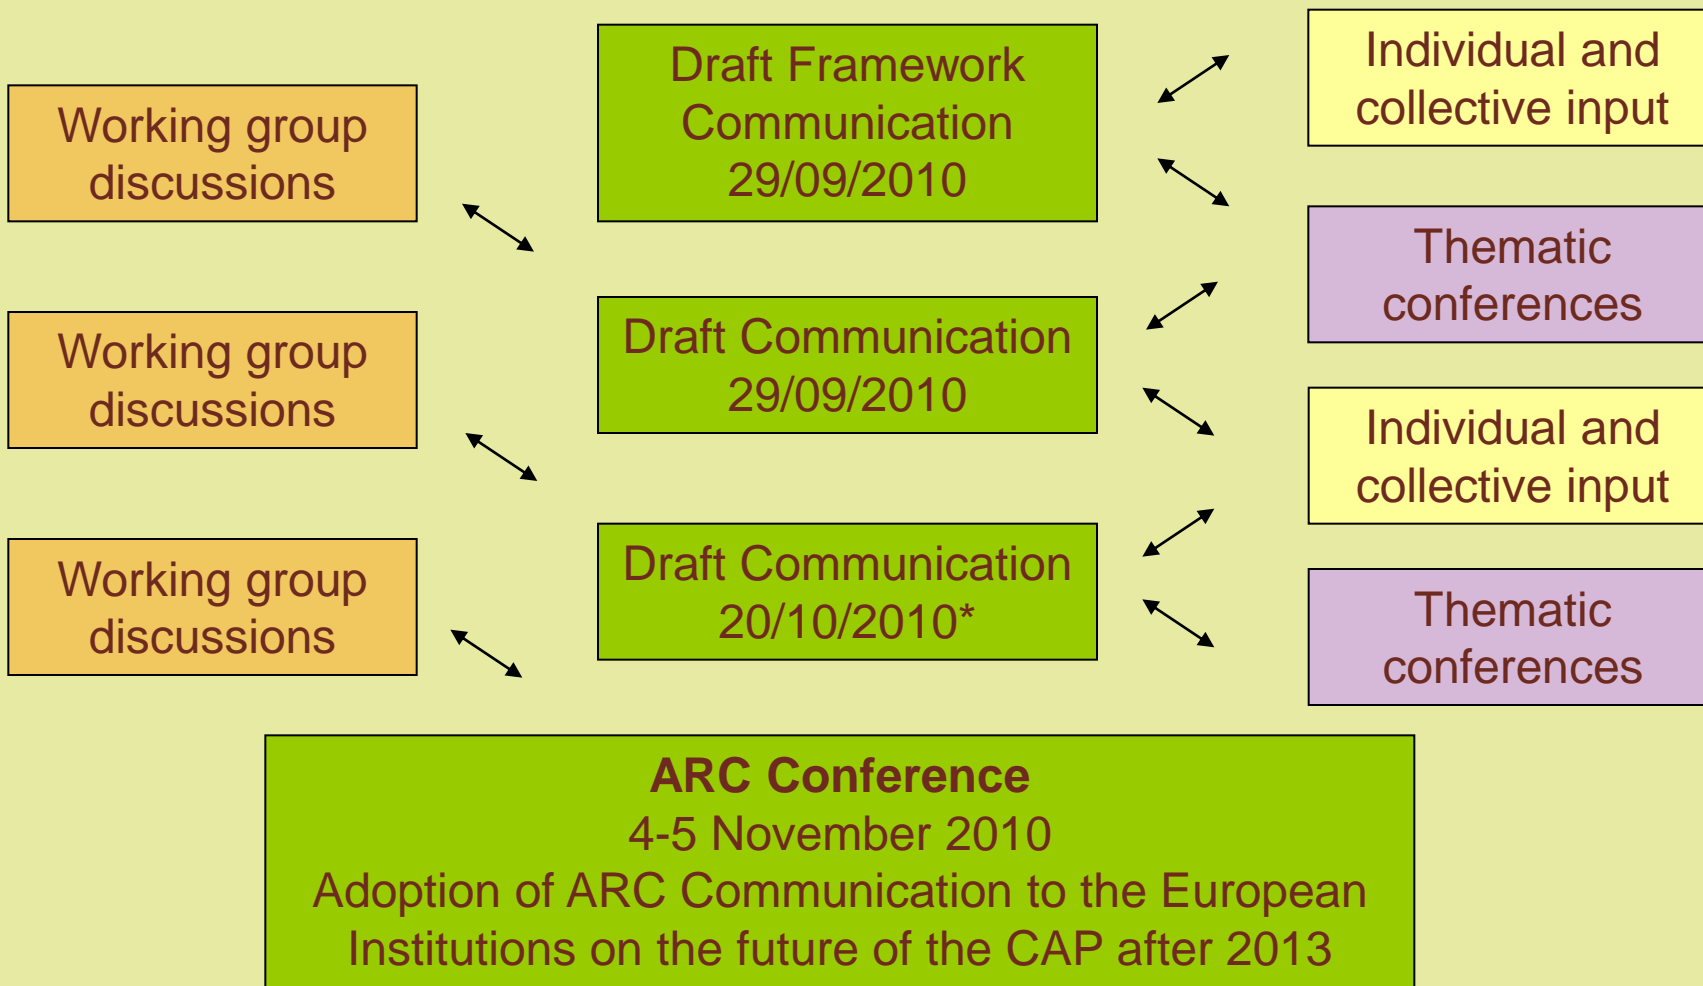

ARC focus on CAP review

- A paradigm shift in agriculture from a centralised food industry to a sustainable and diversified pattern of regional and local production and processing of food
- An economic renaissance of rural areas based on the strength and diversity of communities and cultures

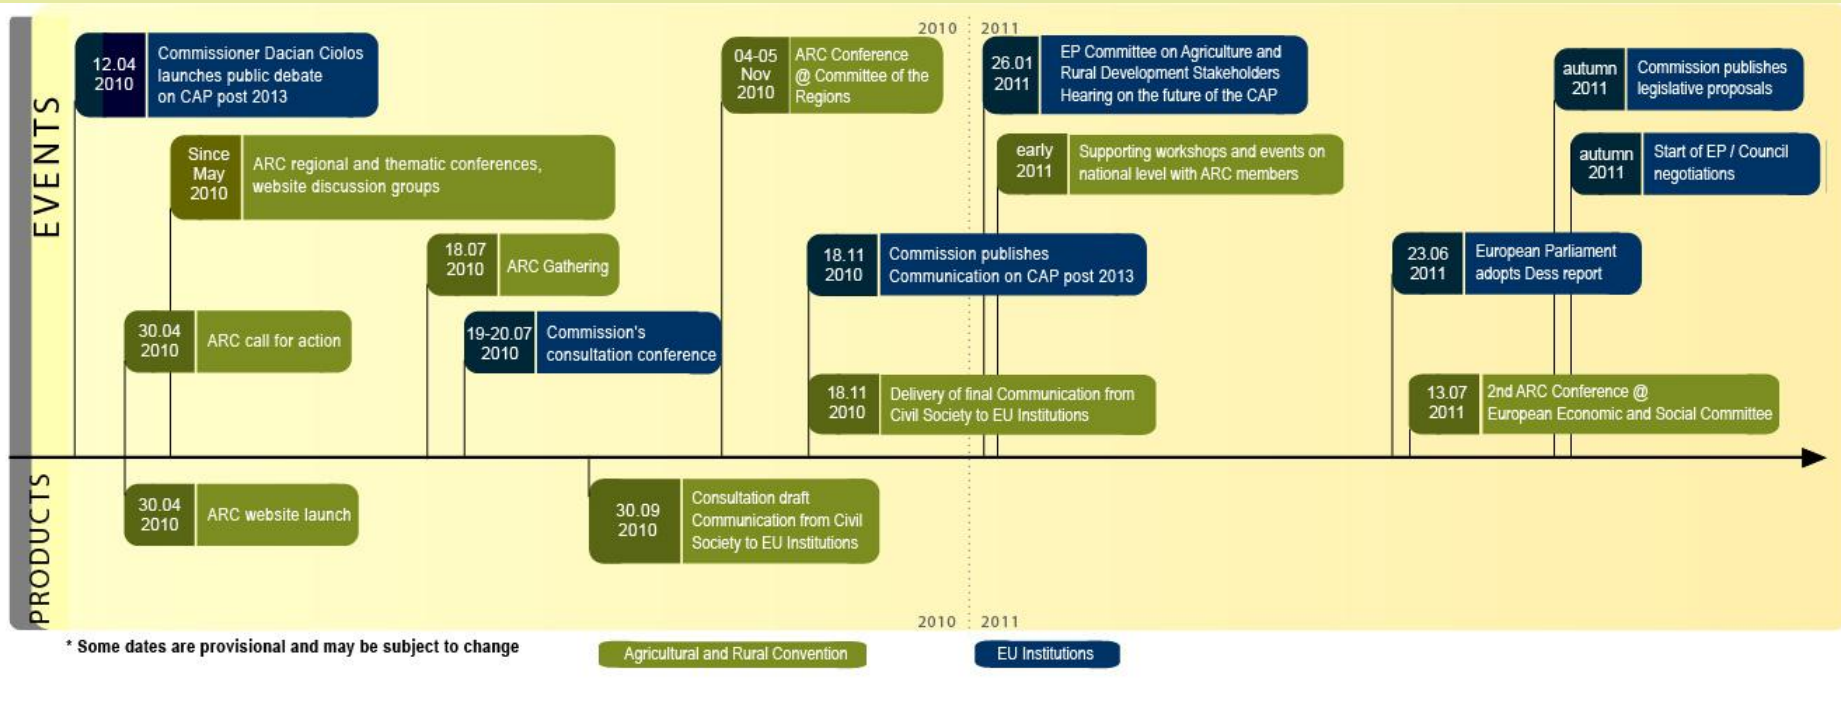

How will ARC help to reform the CAP?

- ARC complements the “Your Ideas Matter” debate launched by DG AGRI early 2010
- ... & continues dialogue throughout reform
- ARC uses the joint bargaining of Civil Society Organisations across Europe to develop and support its position statement to the EC and EP.

Legislative proposals were published by European Commission 12th October 2011:

- ... 4 main regulations:
- Direct payments
- “Horizontal” reg. – finance, control and cross compliance
- Rural development
- “Single Common Market Organisation” – includes export refunds

EU institutions - What now?

- “co-decision” EP + Council
- European Parliament: Drafting of responses as “reports” to the legislative proposals – May/June 2012 ...
- ... amendments and negotiations by MEPs
- Council: Member States drawing up positions – not promising.. yet!
- End 2013: approval of different regulations and implementing acts
- 1 Jan. 2014: New CAP to enter into force

Current positions:

- Sawicki wants “radical reform” – let’s define it !
- Small farmers scheme – OK start but MS defines
- What’s going to happen to all the small farmers in PL and new MS ? - New EGF plans.
- Will PL pursue international competition oriented agriculture e.g. DK and NL?
- Polarisation of farmed landscape?
- Or using RD to diversify agriculture to multiple goals, improving rural & environmental infrastructure?

ARC - What now?

- Spring 2012 – Terra Madre gathering in Brussels in April – Slow Food and ARC plus allies
- Meine Landwirtschaft “Sternfahrt” / “marsz gwiazdzisty” ... other axes?
- Workshops / speakers tours
- Correspondents network in MS
- Campaign toolkit
- New website – blogs, updates, intranet
